

## Low Pass Filter, DC-12 GHz SMA Female Connectors, ≤ 15 Watts

**Order Examples:** RLPF-DC-12-Sf-15W-c14

**Description:** (Low Pass Filter, DC-12GHz, SMA Female Connectors, 15Watts)

| Specifications           |                              |
|--------------------------|------------------------------|
| Pass Band Frequency      | <b>DC-12GHz</b>              |
| Pass Band Insertion Loss | ≤2.0dB                       |
| Pass Band VSWR           | ≤1.5:1                       |
| Stop Band Attenuation    | ≥45dB @ 13.8-18GHz           |
| Impedance                | 50 ohms                      |
| Power                    | ≤15W                         |
| Surface Finish           | Guided Oxygen or Black Paint |
| Connectors               | SMA-Female                   |
