

RADITEK INC.

**RDKF Microstrip Isolator, Full range from 6-36 GHz
FDK Compatible**

RADITEK specializes in Design, Development, and Manufacturing of "High Volume/Low Cost" Wireless and Microwave products. Our RDKF series of isolators is designed to meet all of your Microstrip requirements from 6-36 GHz and can be optimized to your exact frequency needs. Including 8-24% bandwidth option, 2-20Watts of forward power and Loads with rated power from 0.25W up to 25W are available. Standard dimensions include drop-in replacements for FDK and TDK. All thin film isolator circuits are gold on copper, suitable for soldering (silver solder preferred), or gold thermo-compression bonding. Please see our website at <http://www.raditek.com/> or email us at Sales@Raditek.com with any questions you may have.
