

RADITEK Advanced WiFi Android OS Handset Portable Radio. RHS-WiFi-GSM-Android

The RADITEK RHS-WiFi-GSM-Android-q20 hand held is fully submersible and fully meets repeated IP67 ingress protection. It is robust enough in almost any outdoor environment.

The Android OS allows full access to Google apps, supporting MAPS, e-mail and cloud storage, where available. Antenna is internal.

The RHS-WiFi-GSM-Android and Windows OS models are both suitable for commercial and military, applications, requiring rugged, protected equipment.
